Volunteer Call!

International Marine Debris Conference South Korea, Sept. 2022

The PNW Consortium on Plastics was represented at the recent 7th International Marine Debris Conference in Busan, South Korea. Photos are of co-chairs and presenters from a session on Microplastics and Multiple Stressors (right) and of graduate student **Olivia Boisen** presenting a poster on her research (left)!

July Teleconference Summary

Thank you to everyone that joined us at our July Teleconference on 7/13. A special thank you to our speakers: **Anja Brandon** and **Britta Baechler** with Ocean Conservancy, **Lisa Erdle** with The 5 Gyres Institute, and **Valerie Hanley** with California Department of Toxic Substances Control.

A full recording of the teleconference can be found on our website, pnwmicroplastics.org, as well as our YouTube channel, PNW Consortium Plastics.

PNWCP Leadership Team:
